

El Cajon, California | Founded in 1989

## ABOUT

California Flight Academy is located near San Diego and offers Private Pilot, Commercial Multi-Engine and Airline Transport Pilot flight programs.

They also have programs that cater specifically to international students, including those who either already have a license from a different country or need to convert their license, or those students who have zero flight hours. For example, we provide an India-specific training program that meets the compliance requirements of the Directorate General Civil Aviation (DGCA) for students wishing to start their career in India. We also provide country-specific training to students from Taiwan, Mongolia, Indonesia, Turkey and the Middle East, Central and South America, various African countries, the U.S. and Canada, and many more.

## LOCATION

California Flight Academy is located near the beautiful city of San Diego. For flight training many students will be far from home.

California Flight Academy will provide housing, forms for visas and all the help that you need to feel comfortable in the USA. The city of San Diego has beautiful beaches, wonderful weather, and many great attractions: Balboa Park, Coronado Island, Legoland, Midway Museum (Aircraft carrier), San Diego Air & Space Museum, San Diego Animal Park, San Diego Zoo, Sea World and many more. It is not only a great place to live but a near-perfect place to complete flight training due to the ideal climate and flying conditions.
