

Torrance, California | Founded in 1946

## ABOUT

Students at El Camino College have the advantage of being able to select from 2,500 different classes offered in some 85 different programs, including vocational, undergraduate, and honors courses. El Camino college is famous for having a very high transfer rate among its graduates to major universities throughout California and the United States. The school's forensics program has won awards on the national level for several years.

The college also has a Child Development Center where preschool children can learn, grow and develop. Students at the college can also participate and apply what they have learned in the classroom to this child education/developmental setting.

## LOCATION

El Camino College is located in Torrance in the South Bay region of Los Angeles County in sunny Southern California. The climate is usually warm with little humidity making it easy for students to enjoy many outdoor activities.

Torrance is a safe suburban community with lots of shopping and dining options. The city is located close to the world-famous beaches, which are always popular with the students.

Students at El Camino have easy access to any of the numerous cities or attractions that await them in Southern California such as the Santa Monica Pier, Newport Beach, Beverly Hills and the famed Rodeo Drive or the one and only Disneyland California Resort.
