

Los Angeles, California | Founded in 1977

ABOUT

Musicians Institute provides an innovative education that prepares graduates for creative and professional careers in the contemporary music industry. MI is dedicated to providing comprehensive instruction, facilities and other resources to support and inspire artistic and professional accomplishment.

Musicians Institute is a private institution that is approved to operate in the State of California by the Bureau for Private Postsecondary Education and has been an accredited institutional member of the National Association of Schools of Music since 1981.

LOCATION

Musicians Institute facilities include over 75,000 square feet of studios, performance venues, classrooms, and practice rooms across several blocks in central Hollywood.

From 2010 to 2013, an investment of \$47 million in new property will expand its facility to exceed 180,000 square feet of adjoining buildings on or near Highland Avenue between Hollywood Blvd and Sunset Blvd.

Musicians Institute is in the heart of America's entertainment industry of Los Angeles, California. You'll never be bored with so many activities so close. A variety of beaches, theme parks such as Disneyland and Six Flags, cultural and historic museums, and every cuisine imaginable are just a few of the things you'll find living in LA.
