Ranking.....

City University of Seattle is an accredited university in Seattle, Washington, in the Northwestern United States. Seattle is one of the fastest growing cities in the US and home to a thriving tech industry and many international corporations including Microsoft, Amazon, Starbucks, Adobe and Boeing. CityU's programs are popular with international students for their practical curriculum informed by current industry demands and experienced teaching staff, who have worked for some of the world's most successful companies. CityU's accessible downtown Seattle location gives students ample opportunities to find internships and network with companies. Seattle is annually rated a best place to live due to its natural beauty, vibrant art and music scene, and efficient bus and light rail system. No GRE, GMAT, or SAT scores are required for admission.

CAMPUS LIFE

Enactus is a program started by MBA program students to unite college students, academic professionals and industry leaders around entrepreneurship.
